2025 IAAC Control Conference (IAAC³)

Call for Abstracts

The Israel Association for Automatic Control is delighted to announce the upcoming *2025 IAAC Control Conference* (IAAC³), scheduled to be held on **April 28, 2025**.

The IAAC³ aims at providing a platform for local control researchers, engineers, and practitioners to present their latest work and exchange ideas on theoretical and industrial developments. The conference will cover a wide range of topics, reflecting dynamic trends in contemporary control engineering and adjacent areas. Our ambition is to foster collaboration between Israeli academia and industry and boost activities in the area of automatic control in Israel.

The organizing committee thus invites submissions in all areas control at large, both its theoretical and practical aspects, and plans to have both *oral and interactive* sessions.

Important Dates

– Jan 1, 2025   Abstract Submission Deadline
– Mar 1, 2025   Notification of Acceptance
– Apr 21, 2025   Early Registration Deadline

Submission Guidelines

Perspective authors are invited to submit abstracts via this link*. All submissions shall be in English. The abstracts presented will be available on the IAAC website, but they will not be published. Accordingly, no copyright restrictions apply.

The submission form requires

1. author information: a list of all authors, including affiliations and contact details,
2. title: could include stand-alone LaTeX code,
3. abstract: up to 250 words, stand-alone LaTeX code allowed,
4. keywords: up to 5 keywords related to the paper's content.

Submitted abstracts will be reviewed by the organizing committee. The organizing committee will notify the authors regarding the acceptance of the abstract and the presentation format (oral or interactive).

Invited Sessions

The organizing committee encourages proposals for invited sessions. If you have a suggestion and can arrange and coordinate a session, please contact one of the organizing committee members directly.

Conference Venue

The IAAC³ will be held at Daniel Hotel, Herzliya. Many of us have good memories of it from numerous past IAAC workshops that took place there.

For any further information and assistance, please contact Harel Kraus at harel.kraus@gmail.com.

We look forward to your valuable contributions and vibrant discussions that will enrich our conference.
